

Our Children our future

The aim has been to create a school where children enjoy learning. Where they can live their dreams and let their creative juices flow. It is a place where they become balanced. Sensitive, informed and self reliant human beings; achievers in their own right, when they stride out of the doors to claim their futures.

The MAKS assures to encourage each child to develop an inner self-discipline founded on respect for other people. We promote the development of self confidence and respect for self. Our students have much potential which needs to be cultivated and developed. One of our core beliefs about academic success is that hard work, determination and consistent effort are key elements in achieving success. We have high expectations and we work systematically to ensure that our objectives are achieved. We expect our children to follow our school rules by behaving well at all times and we insist on politeness and good manners.

The school plans a variety of activities and events to make the learning a word class one. We inculcate positive attitude in the students and prepare them of face new challenges in the world

I am sure; schooling at **MAKS** will be a memorable experience which the children will cherish through their life.

Our Vision

MAKS guarantees each child superior education by providing quality instruction and challenging learning experiences in a safe and orderly environment which will foster lifelong learning and responsible citizenship. The vision of MAKS is to have each and every student achieve his or her individual potential in a safe, structured learning environment that promotes academic and social growth for students to attain their highest levels of success.

Our Mission

We will constantly try to create a perfect environment in which to impart holistic education to the child intellectual, moral & spiritual. Our aim will always be to foster a keen sense of curiosity in the child which will speak his or her own interest for self-learning. And we shall accomplish this by making a joyous experience at all times.

Aims and objective of MAKS School are :

- To provide a warm, secure and caring environment in which each individual child feels safe, comfortable and happy.
- Provide high quality education to children where young children investigate and explore a well-planned, imaginative and challenging environment both indoor and outdoor, where they are encouraged to grow and develop at their own pace and where every day is varied, stimulating, exciting and above allFUN !!! we aim to provide carefully planned fun-filled learning activities which are based on our professional knowledge of how young children learn. Such activities will meet the individual needs of child to learn experiment and make progress and develop emotionally, socially, intellectually and physically.
- Firmly believe that learning is a shared experience and communication between home and nursery is vital. We aim to provide as many opportunities as possible to enable parents / caregivers to feel fully involved in their child's learning and development.
- Encourage children to become independent and provide a gentle and safe introduction to an educational setting to build the child's confidence.
- Maintain high standards of education and childcare through a commitment to the professional development and ongoing training of all members of staff.
- To encourage an awareness of the necessary to keep abreast of current research, change and new development in the field of education and childcare.
- To inspire children to discover that learning for life is fascinating FUNFILD!!!
